TaskPilot · Product FAQ

Fictional sample document for the n8n + Ollama demo.

What is TaskPilot?

TaskPilot is a to-do and project app for small teams, with boards, lists and a calendar view.

How much does it cost?

Free plan: up to 3 projects and 5 members. Team plan: 6 euros per user per month, unlimited projects. Business plan: 12 euros per user per month with SSO and audit logs.

Can I export my data?

Yes. Go to Settings, then Data, then Export. You can export everything as CSV or JSON at any time, on every plan.

Is there an offline mode?

The desktop and mobile apps work offline and sync when you are back online. The web app needs a connection.

When is support available?

Email support answers within one business day. Live chat is available Monday to Friday, 09:00 to 18:00 CET, on Team and Business plans.

How do I cancel?

Cancel any time in Settings, then Billing. Your workspace stays readable for 30 days after the subscription ends.
